- C. For any ADRD funding request \$500+, a waiver request must be submitted to AgeGuide via an online form submission request.
  - i. Persons with dementia and their caregivers are both eligible to receive financial assistance through the ADRD funds. With that said, each waiver request must identify who the client is in the description of need (i.e., the client is the person with dementia, or the client is the caregiver).

- ii. If funded partners plan to access funds for both eligible clients – persons with dementia and their caregivers – then, a separate request must be submitted per individual client.
- D. The AgeGuide Caregiver Specialist will provide an email notification of approval or denial for each waiver request.
- E. After approval, agencies can expense out their funding for gap-filling or respite services on behalf of the person with dementia and/or their unpaid caregiver.

## **VI. Reporting Requirements**
