Service Overview

The COVID-19 Pandemic has demonstrated the critical importance of working collaboratively with community partners and stakeholders. Improving training and collaboration on the unique nature of Adult Protective Services (APS) with these agencies and councils should improve the

lives of those directly and indirectly impacted by APS. Illinois Department of Aging (IDoA) through efforts of the Area Agencies on Aging (AAA) is proposing to engage/grant out 'seed' money for development of new TRIADs, training collaborations, and increasing Elderly Service Officers (ESOs) in planning and service areas.

IDoA is looking to support collaborative Law Enforcement and community efforts including, but not limited to, the dissemination and implementation of an IDoA Law Enforcement Training presentation and curriculum and promotion of the Illinois State TRIAD to engage with criminal justice and community partners throughout the State. The TRIAD is a valuable asset to the APS program since the jurisdictions routinely overlap. It is critical that APS providers support these training efforts and TRIAD as these partnerships will be part of the long-range plan for APS.

TRIAD is law enforcement, older adults and social service agencies working together to educate and prevent older adults from becoming victims of scams and frauds. TRIAD focuses on reducing criminal victimization of older persons and enhancing the delivery of law enforcement services to these individuals. TRIAD truly believes that older adults should be able to feel safe in their own communities.

Funding Opportunity Objectives:

The objective of this funding opportunity is to :

1. Promote and develop TRIADs;
2. Increase awareness of Adult Protective Services to investigate allegations of abuse, neglect, and exploitation and to respond to the needs of adults experiencing such abuse, neglect and exploitation; and
3. Develop creative strategies to increase reporting within minority and underreporting communities.
