

## **AgeGuide Request for Proposals FY2025**

### **Frequently Asked Questions**

**March 7, 2024**

**Can I apply just for IIIB Information & Assistance? Can I apply just for IIIB Public Education? Can I apply just for IIIB Flexible Community Services? Can I apply just to IIIB Options Counseling?**

No. These 4 services – IIIB Information & Assistance, IIIB Options Counseling, IIIB Public Education and IIIB Flexible Community Services – are part of a service package called Aging & Disability Resource Network (ADRN). These services cannot be separated. Applicants must apply for the entire package, to deliver all 4 services.

**Can I apply for IIID Health Promotion services to provide home delivered meals?**

No. Only specific programs are approved for IIID grants. Please review the IIID Health Promotion service description for the complete list.

**I am a current provider of a service. Do I need to submit an LOI?**

Yes. All agencies interested in submitting an application must submit an LOI.

**Are you looking to fund just one organization per program per county? Are applicants expected to serve the whole county?**

Yes. Applicants should plan programs that are available to seniors throughout the county in which they are applying. In some circumstances we may approve programs with a more limited service area, or award funds to multiple service providers within a county.

**Can we propose a program to serve a specific ethnic community?**

Yes. Organizations can propose to target services to a specific ethnic or cultural group in a service area. However, services must remain available to all seniors within the county. AgeGuide may choose to fund the request or not based on the funding available, the submitted budget, and the past history of the service being fully spent.

**For targeted outreach, are you looking for one grantee to provide outreach to non-English speaking AND LGBTQ+ or do you fund separately for those two groups?**

There is no separate funding for these two groups. Information regarding targeted outreach serving LGBTQ persons was communicated in error during the informational session. Targeted Outreach is intended to serve minority and Limited English Proficient older adults and caregivers.

**Is this a two-year RFP which will be renewed at the end of the year?**

This RFP is for a one-year period of 10/1/2024-9/30/2025. Well-performing providers may be offered the opportunity to renew their grants for 2 additional years.

**Is there any estimate on the number of clients and units that we would be expected to service for IIIB Community Connection Collaboratives?**

Yes. That information can be found on the website. The expected units to be served are included within the Service Description document for each service.

**Can you please tell me what a top tier evidence-based health promotion is?**

The list of approved Title IIID Health Promotion programs for which applicants may apply is available within the service description: <https://ageguide.org/wp-content/uploads/2024/02/FY25-III-D-Disease-Prevention-Health-Promotion-Service-Description.pdf>
