Funded Partner Onboarding Training

Module 6

Resources

Learning Objectives

Module 1 - Understanding how the Aging Network delivers programs and services for older adults, caregivers, older relatives raising children and veterans

Module 2 - Understand programs and services offered in PSA 02 under the Older Americans Act

Module 3 - Understand how to access additional services for older adults, caregivers, older relatives raising children and veterans that are not part of the Older Americans Act

Module 4 - Understand grants management activities and processes essential to delivering Older Americans Act services

Module 5 - Understand fiscal procedures and processes required for Older Americans Act service delivery

Module 6 - Identify and utilize other training resources available for Older Americans Act and other aging network services

AgeGuide Teams - Responsibility to Our Grantees

Grants Team

- Collect and review quarterly progress reports (fiscal and program)
- Review budgets, applications, and issue NGAs and other agreements
- Review grantee progress throughout the year, including match, amount disbursed
- Conduct grantee fiscal monitoring

Fiscal Team

- Receive and review monthly cash requests
- Disburse funds to grantees
- Answer grantee questions about disbursements and availability of funds
- Report disbursements to Grants Team for grantee monitoring purposes

Program Team

- Review quarterly units and persons performance
- Provide program guidance and support
- Conduct grantee program monitoring

*For all programs except Nutrition – program responsibilities for C1/C2 are managed by Grants Team

Funded Partner Reporting & Resources

Funded Partner Reporting

Recipients of AgeGuide funding are responsible for managing and monitoring each project, program, service, function or activity supported by the award and are required to submit timely, complete and accurate performance and financial reports in such form, and containing such information as required.

Recipients are required to purchase and utilize specific software and have sufficient data transfer bandwidth capability. Recipients must be able to relate financial data to performance data and to develop unit cost and service outcome information whenever practical.
